

Family Entertainment & Gaming Kiosks

Increase revenue by leveraging your data through loyalty programs

Phoenix Kiosk supplies the kiosk technology for Family Entertainment & Gaming Centers looking to create loyalty programs for their customers.

Family Entertainment & Gaming Kiosks are utilized by Restaurants, Mini Golf, Waterslide & Surf Parks, Amusement Parks, Sport Teams, Casinos and other Entertainment Venues. We work with these clients to customize a kiosk solution that increases revenue and decreases costs. Family Entertainment & Gaming Centers utilize these kiosks for customer reward & loyalty programs, event updates & highlights, and purchases of menu items and products available at the facility.

Family Entertainment & Gaming Kiosks

The kiosks are often used to collect data that will enable future marketing strategies. Some information collected could include the following:

- Email addresses
- Physical addresses
- Telephone numbers
- Children's and parents' birthday dates

The data can then be leveraged into fresh revenue opportunities through the mailing of special offers, and the invitation for children's birthday parties to be hosted at a specific Family Entertainment Center. These kiosks offer a huge competitive advantage over other establishments in terms of repeat revenue, reduction of payroll expenses and order fulfillment speed. Family Entertainment Center owners will notice a rapid ROI for their initial investment.

Just ask Phoenix Kiosk how we can improve your organization's bottom line. We are here to help you achieve your goals!
