

Healthcare Kiosks

Phoenix Kiosk, Inc. provides a wide range of solutions for many segments of the healthcare industry.

Phoenix Kiosk recognizes the importance, and value, of providing HIPAA-compliant solutions for track-and-trend management, and meaningful-use compliance. As healthcare continues to evolve, Phoenix Kiosk will continue to be responsive to the needs of providers.

Healthcare Kiosk Applications

Although Phoenix Kiosk specializes in developing custom software, many of our clients utilize their own proprietary software to run their kiosk applications.

Following are examples of their Healthcare Kiosk applications:

- Visitor Management
- Patient Self Check-In
- Vendor Credentialing/Management
- Appointment Scheduling
- Hospital Directory

"We have just received our new kiosk. [BOSS] is very happy with it and would like me to order another one exactly the same as this one."

– Largest Hospital System in California

Healthcare Kiosk Benefits

Phoenix Kiosk's healthcare applications demonstrate proven benefits for both the healthcare provider and the patient, including:

- Reduced Administrative/Overhead Costs
- Increased Employee Efficiency
- Valuable Data Management
- Decreased Wait Times
- Positive Visitor Experiences

"I believe this will be a long and prosperous business relationship, so I look forward to working with you and your team for the long term."

– Zimmer, Inc.

Just ask Phoenix Kiosk how we can improve your organization by making it more efficient and more effective. We are here to help you achieve your goals!
