

In-Store Cataloguing Kiosk Solution

Virtual Inventory at Your Fingertips

Approach the In-Store Cataloguing kiosk and virtually navigate all the store's departments. If the item is not available at the store you are in, you can order, pay and specify delivery arrangements right at the kiosk. This application includes an "administrator" component. This allows any information to be changed and then immediately update on the kiosk. Since this application is designed to operate in a networked environment, the administrator can make these changes right from their desk.

Here are Just a Few of this Application's Uses:

- Product or Service Searches
- Customer Reward Sign-Ups
- In-Store Sales & Promotions

Kiosk Styles to Choose From:

- Taaink
- Piitch
- Sliivr

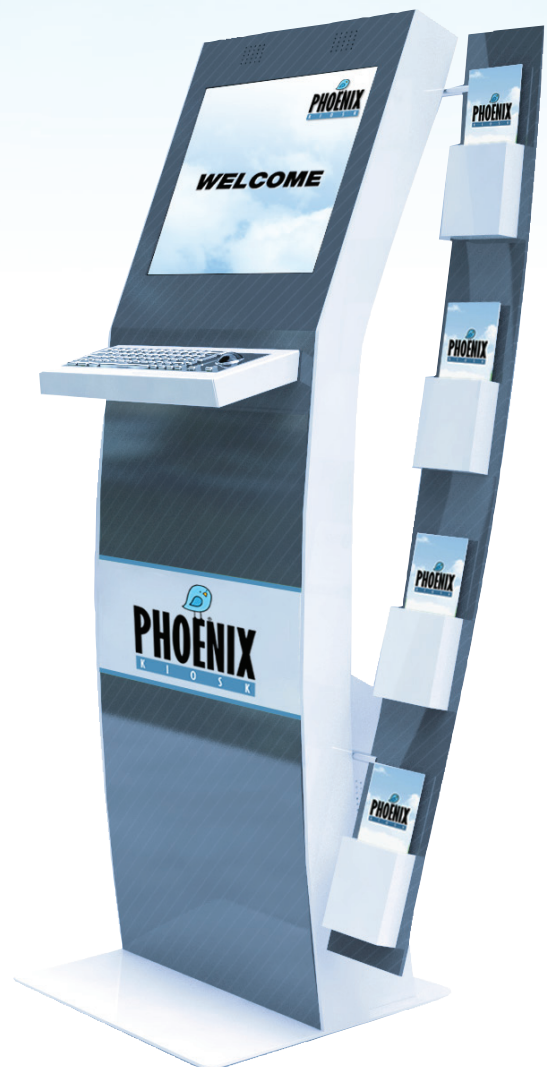

What You Will Need:

- Receipt Printer
- Credit Card Reader

Optional Equipment:

- Proximity Sensor
- Keyboard
- Trackball
- Bill Acceptor

Grab hold of the opportunity to enhance your store's customer service! Free your shoppers of long on-hold calls and tiresome wandering. **With the In-Store Cataloguing Solution, you supply a more enjoyable shopping experience.**

Just ask Phoenix Kiosk how we can improve your company or organization by making it more efficient and more effective. We are here to help you achieve your goals!
