

What sets Phoenix Kiosk apart from all of the other kiosk companies out there?

In House Hardware and Software Development

One of only a handful in the industry with an internal software development team and hardware design/engineering

Global Supply Chain

Generally suppliers are close to home, in higher-cost geographies. We arbitrage low-cost geographies for non-core competencies

Post-Deployment Supplies

Only company in the industry offering online fulfillment of consumables and cleaning/maintenance supplies via an online portal

Online User Community

Only company offering an active user forum for support, product sales & industry information

ISO: 9001/13485 Certification in Process

Will be one of only a few companies in the industry with externally certified & demonstrated quality & consistency with an emphasis in health care (ISO:13485). This ensures that everything you get from Phoenix Kiosk is of the highest quality.

Customize Your Solution

Need a custom project? We develop and build by listening and tailoring the solution to your specific needs

Knowledgeable Support Team

Experienced and technical support team that delivers projects on-time & will remain with you after the kiosks have been shipped

From Fortune 500 to Aspiring Garage Shop....From Healthcare to Dry Cleaning.... We've Done It and Done it Well!

“We love our kiosks from Phoenix Kiosk. They are well constructed, durable and bring a fresh look to wherever they are placed. Our patrons love using them and we hope to get more in the future. The service and support team is equally as great. In the rare occasion we need to call them, they are fast and professional. I wouldn't buy a kiosk from anywhere else!”

- Rob Caluori, Westchester Library System

“We are very pleased with our decision to add Phoenix Kiosk to our list of suppliers for the PetSmart contract. They have proven to be an excellent partner that has fully embraced the philosophy that if they help us make PetSmart successful we all succeed! We will not hesitate to have them work with our design and manufacturing engineers as we continue our mission to develop custom kiosk programs for our other big box retailer partners.”

- George L. Hagen, CEO, TagWorks
