

Retail & Vending Kiosks

Phoenix Kiosk, Inc. works with retailers to customize kiosk applications for their customers.

Phoenix Kiosk specializes in providing Retail & Vending Kiosk solutions. Many retailers find great value in offering customers an additional inventory of product they cannot stock. Vending Kiosks both allow retailers to increase their sales and to efficiently expand their product offering without expanding their inventory.

Retail & Vending Kiosk Applications

Although Phoenix Kiosk specializes in developing custom software, many of our clients utilize their own proprietary software to run their kiosk applications.

Following are examples of their Retail & Vending Kiosk applications:

- In-Store Online Purchasing
- Product Order Fulfillment
- Point of Sale (POS)
- Company/Product Information and Branding
- Order/Payment Status

"We are very pleased with our decision to add Phoenix Kiosk to our list of suppliers for the PetSmart contract. They have proven to be an excellent partner that has fully embraced the philosophy that if they help us make PetSmart successful we all succeed! We will not hesitate to have them work with our design and manufacturing engineers as we continue our mission to develop custom kiosk programs for our other big box retailer partners."

— George L. Hagen, CEO, Tagworks

Retail & Vending Kiosk Benefits

Phoenix Kiosk's retail and vending applications demonstrate many proven benefits. They can allow retailers to increase sales and revenue by:

- Expanding Purchase Options
- Lowering Per-Transaction Costs
- Increasing the Amount of Impulse Sales
- Extending Service Beyond Standard Business Hours
- Expanding Product Offerings to Unstaffed Locations

"I've worked for several .coms and technology firms and I must say that I am impressed with your group's abilities, and having managed web and creative teams in the past, you guys are a hard act to follow."

— Consultant assisting the delivery of kiosks to NASCAR events
