

## Rixxeo (riks-e-oh) Desktop Kiosk Line

The Rixxeo desktop kiosk offers the definitive answer to the need for a rugged, compact, quality solution when space is at a premium.

**The Rixxeo Standard model provides** functionality comparable to a floor standing model. It boasts features that are unique to desktop kiosks, including a 19" LCD display option. The unit's cosmetics provide a sleek and sexy aesthetic – another factor that sets the Rixxeo apart.

The Rixxeo, which can accommodate a printer and card readers, is a natural choice for eConcierge and check-in/check-out services. Nearly every industry has found a common use for the Rixxeo because its many capabilities range from human resources, to wayfinding, to marketing and lead generation. Many companies utilize the Rixxeo to effectively showcase their products.

The Rixxeo is also available in a variety of models... The dual display model provides the opportunity for increased branding, advertising, or other messaging. The extended model is bigger than the standard model and provides a larger area to accommodate an array of peripherals such as cash and coin acceptors, scanners, and more. And lastly, the dual-display extended Rixxeo provides the largest, most robust model.

### Many clients use the Rixxeo Kiosk Line for the following:

- In-Store Cataloging/Product Showcases
- Surveys & Lead Generation
- eConcierge
- Ticketing
- Check-In/Check-Out
- Business Directory/Wayfinding
- Bill Payment
- Web-Based Applications
